

IFG036 WHORESINATION « World wide whore » 7"

Sitting here fearing porno-grind but pleasantly this band is lacking the porn and dishing the grindcore full force. This drummer is blasting non-stop! This offering could pass for some early NOISEAR demo or something. Semi-tech grind with relentless screaming vocals that don't stop to breathe. One of those recordings that sounds better sitting in the other room, cuz inside the room its playing in sounds like a grating trash compactor left on "high". No lyrics but some humorous song titles like "Wash Yourself before Cleaning The World" and "Ghetto Blasters vs. Karcher Users". Decent French dressing.
